

Training Manager - Level 1 at a Glance

CORSKILL Australia has designed the **Training Manager – Level 1** for Registered Training Organisations who are just starting out or whose business does not require advanced management functionality at this stage.

The **Training Manager – Level 1** is available as a Single Workstation or Network Version installed on your own computer/s or as a hosted system installed on the CORSKILL web server. It is fully AVETMISS compliant and will assist your organisation in meeting its AQTF obligations.

The **Training Manager – Level 1** has been designed to manage and administer:

- ✓ Trainee Enrolment
- ✓ Trainee progress tracking and history
- ✓ Award documentation upon the successful completion of a program of training
- ✓ Progress and program reporting
- ✓ AVETMISS reporting, and if required
- ✓ Progress claim submission if your organisation has any contracts with a State Training Authority or Industry funding broker such as an Industry Skills Centre
